

Basic 40 hr. Crime Scene Class

Hosted by Iowa City, Iowa Police Department

July 28th – Aug 1st (JECC, Iowa City, Iowa)

Only \$400.00 per student

Instructor: Matthew Schwarz of Schwarz Forensic Enterprises, Inc.,

Instruction will cover several topics to include but not limited to:

Photography	Camera operation	Chain of Custody
Evidence Collection	Scene Documentation	Evidence Packaging
Scene response	Scene Management	Latent print processing
Impression casting	DNA collection/Blood testing	Major case print collection

Crime scene techs, investigators/detectives and officers who are assigned evidence collection task at crime scenes will benefit from this class.

There will be numerous hands-on exercises. Students will need to dress appropriately for crime scene processing work.

All students will need bring their own camera, lens, flash, off camera sync cord for flash, macro lens, camera remote shutter release and tripod along with multiple memory cards. Student will also need to bring a fingerprint processing kit along with evidence packaging they would use in day-to-day operations.

Any questions please contact Sgt. Dan Boesen: at (319)-356-5276 or email: DBoesen@iowa-city.org

Space is Limited. Must be registered no later than **(March 21st, 2025)**
